

1. Company Overview

We are a professional roofing service provider offering high-quality residential and commercial roofing solutions. Our goal is to deliver durable, cost-effective, and long-lasting roofing systems tailored to customer needs.

2. Services Offered

We provide a wide range of roofing services:

Roof Installation

- New roof installation for residential and commercial buildings
- Customized solutions based on structure and budget

Roof Repair

- Leak fixing
- Crack and damage repair
- Storm damage restoration

Roof Replacement

- Complete removal of old roofing
- Installation of new roofing systems

Roof Maintenance

- Routine inspections
- Preventive maintenance
- Cleaning and debris removal

3. Roofing Materials

We work with multiple types of roofing materials:

Asphalt Shingles

- Affordable and widely used
- Easy to install and repair

Metal Roofing

- Highly durable
- Weather-resistant
- Long lifespan (20–50 years)

Clay Tiles

- Aesthetic and traditional look
- Heat-resistant

Flat Roofing Systems

- Used in commercial buildings
- Includes rubber and membrane roofs

4. Cost Estimation

Roofing cost depends on multiple factors:

- Roof size (square feet)
- Material used
- Labor cost
- Structural complexity

Estimated Pricing:

- ₹150 to ₹400 per square foot

 Example:

- 1000 sq ft roof → ₹1,50,000 to ₹4,00,000

 For exact pricing, customers should request a quote.

5. Emergency Repair Guide

In case of roofing emergencies:

- Avoid standing under damaged areas
- Place a temporary waterproof cover (tarpaulin)
- Turn off electricity if water leakage is severe
- Contact professionals immediately

 Do not attempt major repairs yourself.

6. Roof Maintenance Tips

Regular maintenance helps increase roof lifespan:

- Inspect roof every 6 months
- Clean gutters regularly
- Remove leaves and debris
- Check for cracks or leaks
- Fix minor issues early

7. Warranty Information

We provide warranty based on service and material:

- Installation warranty: up to 5–10 years
- Material warranty depends on manufacturer
- Warranty does not cover natural disasters or misuse

8. Safety Guidelines

- Always use safety equipment during inspection
- Avoid walking on wet or damaged roofs
- Hire professionals for repair and installation

9. Customer Support

Customers can:

- Request a roof estimate
- Report an issue
- Speak with a human agent

👉 Our team will respond promptly to all queries.

10. Limitations of Service

- We only provide roofing-related services
- We do not handle unrelated construction work
- For non-roofing queries, customers will be redirected
